

Show your support for Trauma Survivors with a TSN T-shirt!

The American Trauma Society's Trauma Survivors Network is launching a TSN t-shirt group sale to raise awareness for trauma survivors and to raise support for the national TSN program. It's also a fun way for trauma survivors to share what they enjoy in their "new normal" after trauma. And it's a great way for family/friends and trauma professionals to share why they help trauma survivors find healing and resilience after traumatic injury.

"My motto has always been 'You may see me struggle, but you'll never see me quit.' I've always wanted to get back to doing the same things I did before my accident: going to the gym, working out, getting outside, walking or running, and taking care of my household. The only thing I've not accomplished thus far is getting back to running, but that's not forgotten."

-Phyllis, Survivor and TSN Peer Visitor
