Blooming **After Traumatic Injury**

In collaboration with the **Trauma Survivors Network**, the **Reading Hospital Trauma Center** invites trauma survivors and their families, healthcare professionals, and first responders to plant a flower garden.

Each participant will receive a flower bulb to plant in a garden space located outside the Emergency Department honoring a trauma survivor, a healthcare professional, or a first responder.

Join one of our trauma survivors as she meets her care team for the first time since her discharge from the hospital one year ago.

Thursday, October 20

You may drop in any time between the hours of

4:30 - 6:30 p.m.
