

Traumatic Injury Survivors Network and Family Healing Group

What

This informal in-person group will gather once per month to discuss issues facing community members who have been impacted by trauma. This is designed to be a safe and confidential environment.

Please contact tsnnorth@uchealth.org for more information.

Trauma Survivors Network Website

The TSN website, www.traumasurvivorsnetwork.org provides an opportunity for trauma patients & their families to connect with others and get the information they need to help manage their injuries & rebuild their lives. The resources, information & support available can help reduce the stress, anxiety and frustration many people experience after an injury.

National Virtual Peer Support Group-The Trauma Survivors Network hosts Virtual Support Groups twice monthly (2nd and 4th Wednesday). Register at www.Traumasurvivorsnetwork.org/support-groups

Nextsteps- NextSteps is a six-week online self-paced class that helps survivors manage a life after serious injury by building on their strengths & developing new coping skills. Register at www.nextstepsonline.org
