

#TraumaSurvivorsDay

National Trauma Survivors Day

Wednesday, May 19, 2027

Share Your Message

This is your chance to fill social media with support for Trauma Survivors! Create a message to celebrate trauma survivors, encourage someone on their recovery journey, recognize the families and caregivers who support them, or thank the professionals who care for them.

Write it. Hold it. Share it.

1. **Create your sign.** Print the NTSD Message Frame and write your own message of hope, encouragement, gratitude, or recognition.
2. **Share the frame.** Give blank frames to your survivors, families, coworkers, friends, and community partners and invite them to join in.
3. **Take a photo.** Hold your message, gather your team, or get your whole community involved!
4. **Post it!** Share your photo on Facebook or Instagram using our hashtags: #NationalTraumaSurvivorsDay or #NTSD2027.
5. **Keep it going.** Tag us, your trauma center, community partners, and favorite trauma survivors, and challenge them to create their own message.

Let's fill social media with support, hope, and recognition for trauma survivors, families, and everyone who cares for them.
